

DIESEL EMISSIONS SYSTEMS MADE EASY.®

WELD BUNGS

Redline Emissions Products offers a full line of replacement sensor ports, often called “weld bungs”, which are perfect replacement connections for exhaust system sensors.

Replacement Exhaust System Sensor Weld Bungs for:

- NOx Sensors
- Temperature Sensors
- Back Pressure Sensors
- Oxygen Sensors (O²)

Don't purchase a new DPF because the sensor broke off, use a weld bung to reinstall.

Check www.rep.direct for the latest product additions and for additional OEM cross-references. Any questions? Give us call at 1-888-295-4670
